

Scenario For Students:

Now that you have finished reading The Adventures of Capt'n Eli, you are ready to create your map of Eagle Rock Island off the coast of Maine. This map will be used for future activities, so make sure it is high quality work and includes all the important points of interest. You will need to brainstorm together all of the symbols that you feel necessary to include in your topographical map. Don't forget to include a compass rose with both cardinal and intermediate directions.

Middle level Scenario

Now that you have finished reading The Adventures of Capt'n, you are ready to create with Google Sketch Up, your map of Eagle Rock Island off the coast of Maine. This map will be used for future activities, so make sure it is high quality work and includes all the important points of interest. You will need to brainstorm all of the symbols that you feel necessary to include in your topographical map. Don't forget to include a compass rose with both cardinal and intermediate directions.
